

PRACTICE ASSESSMENT REPORT

MEDICAL RECORDS

REQUIRED ELECTRONIC MEDICAL RECORD COMPONENTS

PLEASE NOTE:

The medical record components have been derived from Ontario Regulation 114/94, Section 20 made under the *Medicine Act*, 1991. A system should also have the following audit trail: a password and a back-up system.

REQUIRED ELECTRONIC MEDICAL RECORD COMPONENTS	APPROPRIATE(LY)	APPROPRIATE(LY) WITH SUGGESTIONS	CONCERNS
1. The system provides a visual display of the recorded information...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. The system provides a means of access to the record of each patient by the patient's name and, if the patient has an Ontario health number, by the health number...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. The system is capable of printing the recorded information promptly and...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4. The system is capable of visually displaying and printing the recorded information for each patient in chronological order.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5. Confidentiality is maintained...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
